Wyreside Lakes is a family run business, situated in over 120 acres of farmland at the foot of the Bowland Fells in Dolphinholme. On the estate there are 7 well stocked fishing lakes, primarily used for pike and coarse fishing; the Tramper route follows the edge of a number of these lakes. The route also follows the River Wyre in parts, passing the beautiful Fox's wood, which is laden with bluebells in the spring. Wyreside Lakes has an award winning campsite with a full range of facilities for overnight stays including grass, electric pitches for caravans, campervans and motor homes and lush green fields for tents to camp on. The onsite restaurant - The Fisherman's Rest - caters for all tastes, from a hearty English breakfast onto lunch, sandwiches and bar snacks. On weekend evenings they offer an extensive choice of home cooked take-out meals.
